

Pella Community Art Center

March 2020

Featured Media: Bird Sculptures

Each month we have a different media available for the students to try. Stations which are always open are clay, collage, painting, wood, and sewing. Students are not required to participate in the spotlighted media, but they are encouraged to at least try it.

This Bird Sculpture or Totem Pole is a fun and silly project that you can use to decorate that one spot in your house! Each student will decide on a color scheme, favorite bird or animal and pattern style that fits their personality. This could be a free standing totem pole or it could be a hanging sculpture.
